Budget Estimate.

Reviewing revised estimate for 1896-97 and — for 1897-98 on account of loans under the Loans Acts.

M.G.I.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 12th October 1896, No. 270 :—

Resolution—dated 12th October 1896, No. 270.

The Board begs to submit to Government the accompanying statement showing the revised estimate for 1896-97 and the budget estimate for 1897–98 under the different classes of loans under the Land Improvement and Agriculturists' Loans Acts.

2. The variations in the estimates are explained in the statement itself. The large decrease of 3½ lakhs of rupees in the revised estimate as compared with the sanctioned estimate of advances to be made during the year is due to the fact that only Rs. 2,06,000 are expected to be utilized by the Collector of Madura out of the 5 lakhs of rupees placed at his disposal to meet the demand for loans by the ryots holding lands under the Periyár project. The increased provision made for the next year is due to the increased allotment required by the same Collector for the above-named purpose.

3. The estimates of recoveries under "principal" and "interest" have been fixed with reference to the actuals of the first five months of the current year and the estimates submitted by Collectors.

4. The estimate of "interest" which the Local Government has to pay to Imperial Revenues during the current and ensuing years at 4 per cent. on the mean outstanding balances comes to Rs. 1,21,935 and Rs. 1,27,135 against Rs. 1,27,000 and Rupees 1,31,000, respectively, which, it is expected, will be collected as "interest" from the borrowers.

** The disbursements during the first five months of the year amounted to Rs. 68,731 under both the Acts. The allotment sanctioned for the current year was Rs. 7½ lakhs including the 5 lakhs of rupees sanctioned to meet the demands for loans by the ryots holding lands under the Periyár project in the Madura district. The Collector expects to utilize only Rs. 2,06,250 of the latter amount during the current year. The revised estimate for the current year may, therefore, be fixed at Rs. 4 lakhs.

‡‡ The increased provision compared with the revised estimate for the current year and the actuals of the year 1895–96 is due chiefly to the sum of nearly 2 lakhs of rupees required by the Collector of Madura to meet the demand for loans by the ryots holding lands under the Periyár project.

§§ The actuals for the first five months amounted to Rs. 70,120 under both the Acts. The revised estimate may be fixed at Rs. 1,27,000.

3. Recoveries on account of interest	1,27,000	1,31,000
4. Interest payable to Imperial	1,21,900	1,27,100

2. The Government considers that in view of the impending scarcity which is likely to stimulate the demand for State loans, the budget estimate as well as the revised estimate of advances under item 1 should each be raised by one lakh. The Board's estimates of "Recoveries" under items 2 and 3 are approved and the figures under item 4 will be altered so as to correspond with the revised figures under item 1.

The estimates, as thus amended, will be as shown below:—

	Revised estimate for 1896-97.	Budget estimate for 1897-98.
	RS.	RS.
1. Advances under the Land Improvement and Agriculturists' Loans Acts	5,00,000	5,50,000
2. Recoveries under the Land Improvement and Agriculturists' Loans Acts	3,15,000	2,75,000
3. Recoveries on account of interest	1,27,000	1,31,000
4. Interest payable to Imperial	1,23,900	1,33,100

3. The Government trusts that the construction of the distributaries of the Periyár works in the Madura district will progress more rapidly than the Collector anticipates. The attention of the Public Works Department will be drawn to the matter.

4. In submitting the budget estimates in future, the Board of Revenue is requested to furnish figures showing the actuals of interest realized from the borrowers and the interest paid to the Government of India during the previous year and to compare them with the budget estimates under those heads.

Remarks.

* Includes Rs. 6,388–9–2 advanced under the Ordinary Rules at 4½ per cent.

† Includes Rs. 648 shown separately under "seed grain advances" in the Accountant-General's statement.

‡ Includes Rs. 125 advanced under the Ordinary Rules at 4½ per cent.

§ Includes Rs. 389–8–11 recovered under the Ordinary Rules at 4½ per cent.

‖ Includes Rs. 1,599–1–6 recovered under the Ordinary Rules at 3 per cent.

¶ Includes Rs. 6,124–0–3 advanced under the Ordinary Rules at 4½ per cent.

** The disbursements during the first five months of the year amounted to Rs. 68,731 under both the Acts. The allotment sanctioned for the current year was Rs. 7½ lakhs including the 5 lakhs of rupees sanctioned to meet the demands for loans by the ryots holding lands under the Periyár project in the Madura district. The Collector expects to utilize only Rs. 2,06,250 of the latter amount during the current year. The revised estimate for the current year may, therefore, be fixed at Rs. 4 lakhs.

†† The collections under both the Acts during the first five months of the year amounted to Rs. 1,72,928. But as the Collectors' estimates amount to only Rs. 3,15,000, the revised estimate has been fixed at this figure.

‡‡ The increased provision compared with the revised estimate for the current year and the actuals of the year 1895–96 is due chiefly to the sum of nearly 2 lakhs of rupees required by the Collector of Madura to meet the demand for loans by the ryots holding lands under the Periyár project.

§§ The actuals for the first five months amounted to Rs. 70,120 under both the Acts. The revised estimate may be fixed at Rs. 1,27,000.

(a) The figures shown against this item in the appendix in Board's Proceedings, dated 16th October 1895, No. 331, were revised with reference to the actuals reported by the Accountant-General for the year 1895–96 under the different classes of loans under advances and repayments, and balance on 31st March 1896.

2. The Government considers that in view of the impending scarcity which is likely to stimulate the demand for State loans, the budget estimate as well as the revised estimate of advances under item 1 should each be raised by one lakh. The Board's estimates of "Recoveries" under items 2 and 3 are approved and the figures under item 4 will be altered so as to correspond with the revised figures under item 1.

The estimates, as thus amended, will be as shown below:—
